

OPPORTUNITY: *Tell Political Leaders to Support Corporate Ownership.*

A MANDATE FOR STATE LEGISLATORS

My representatives are to enact legislation to support the citizen-owners of publicly created corporations or other legal persons by recognizing and honoring their status as joint owners of the whole assets of the corporation. They are to have rights to any and all benefits from corporate operation. This shall include legal recognition of corporate officers as owing employee loyalty to the investors, with recognition of the undivided rights of investors to a pro-rata share of all corporate resources.

State courts shall be directed to recognize these owner rights, and to permit citizen actions against corporate officers in tort for wastage of investor-owned resources. State courts and law enforcement personnel will also be directed to receive (upon adequate demonstration of cause) owner-initiated criminal actions against corporate officers for embezzlement or theft.

My representatives are to further assure that legislation is enacted stating that foreign corporations newly admitted to doing business in my state will also conform to this legal understanding; and that other foreign corporations will, after a suitable period of years, also be required to accept it.
